There is an impressive amount of information in this e-Book, explains in-depth each step. The author also added useful screenshots. Overall the quality is pretty darn good.The implementation of this method itself is easy, even every noob can do but may take some time because patient is the key. As I said before, the steps are well-explained and very easy to follow. For example, there is a step that will take almost twenty to thirty minutes or so before being completed. Pretty good job OP!. I'd never heard of nor even thought of. This method is enough original for my taste. The author definitely has experience in the monetizing field and is sharing what he knows as best as possible. Good JOB!

The setup is actually quite simple. I would expect a short 1-2 hour setup, and your ready to start making money! It is one of the easiest money-making methods I have seen in the eBook Bazaar.

Is this selling social media services on eBay? Buy on Fiverr or somewhere else then resell elsewhere, such as eBay or other forums?

Anyway I want this addressed before I buy.

You claim:

Quote:2. How much time will it take to make my money back?

A. As quick as a few minutes.

But, as I read Skype's review he stated this:

"I also received a vouch copy of this method and it will bring you in a nice amount of cash, all you need to do is have patience! "

So what is a reasonable amount of timeframe to make money back, because I think the claim of making money back w/i a few minutes is possible, however the probability of it is low. Someone else also said patience is key, in fact it is the first review in the OP.

Also, is there any payment proof? I would love to see proof from both earnings from OP and eBook buyers.

I can vouch for this. Highly detailed. Honestly I hate following E books but this one was pretty straight forward. I honestly think my little brother could do this. Thanks making me some extra gas money!

Nice job man, keep up the good work.

This e-book is amazing, pretty simply and sounds so well thought. The expectations that I have about this e-book is very high. I'm sure I'm gonna do some money with it, and surely I will open a service just using it.

I will give a new reply with my earnings as soon as I start work on it.
Thanks in advance McFlurry

Hi

Just bought your book, added you to skype, waiting for your acceptance.

Will be posting a review soon :)

Just read it.

Unfortunately I already knew the main method, and unfortunately nothing new at least to me.

Will it work? most definately.. I don't see why it shouldn't . :)

The Bonuses were actually nice. Tho the .pdf has been made 2010 (so most of the methods are old) , tho i'm assuming still working (or at least I hope) :)

Anyway, GL on sales!

I bought the gold package earlier today, and the book is well put together. The method is very interesting (and eye opening) I'm trying it right now and I'll update this when I get a bite.

Also, I've added you to Skype, McFlurry. Would you mind answering a few questions I have about the bonus content?

Without revealing the method, if you were to search the terms provided in the eBook, the website used will return page upon page of results of people doing the exact same thing.

Replied to your PM.

Also, Stay tuned for when V2 Comes out, we are going to be dropping a completely unsaturated, unknown way to get Social Media Boosting Services.

THE PRICE WILL GO UP, so i'd recommend people buy soon.

Edit-

Just finished creating the V2 Addition. Will be releasing in a few days, Price will be going up to avoid Saturation. So BUY NOW For a FREE Update.
