Thread: [\[LoL\] Cheap Elo Boosting \[NA\]](#)

Note : All prices are negotiable. Speak with me and we can definitely work something out. Aside from not having a job, I don't really need to make a great deal of money, however obviously I need something for my time. If you're buying in bulk (large orders) I can give you big discounts. Mind you, good luck finding cheaper pricing than mine.

Duo Queue Pricing (Bronze 2 smurf Available)

To duo boost, you will duo queue with me (I'll be on my currently Bronze 2 smurf account), pricing will be the price per win for the average of our two division (ex. Bronze 2 and you are Silver 3, you would pay Silver 5 per win pricing) plus a \$1.00 flat fee (an additional \$1.00 flat fee per 5 wins)
