This Tutorial Will Show You How To Find An E-Mail If I Exsist Or Not Very Ideal For Finding Rare Mails Addresses.

Firstly go to <http://www.ip-tracker.org/checker/email-lookup.php>
then enter the e-mail address you wanna check
then it will tell you if the e-mail does exsist or not
For example this e-mail check is available :

and this one is not available :

You actually got it wrong.

This is actually an available account while is not.

You should get that fixed.

Good tutorial nevertheless.
