This is a great site, and I've earn nearly \$200 in Steam items/games and Bitcoins

since joining via OP's referral link a few months ago. It's very easy to get things

(especially if you're willing to do download offers), and you can run those in Sandboxie if you don't like viruses.

Edit: A few of the many things I've received

(nearly 5000 coins easily!)
