I am going to show you how to get flashing skype text for free.

Steps:

1.[Click here](#) to download the program.

2.Click Get it Now.

3.Install the program and follow the instructions.

Make Sure your skype is open at the time so you can connect your skype to the program.

Please make Sure you leave a comment.

Thanks -Google-

How is this a hacking tutorial when it's an "official" product on the Skype market?

-Google- - August 15, 2013, 12:49 pm

@#qwee I Know its not Hacking but its fun and a lot of people dont know about it.

Zapu - August 15, 2013, 12:50 pm

This isn't hacking, and it's already free lol. And lots of people probably know it.

but thanks anyway c:
