vpnmaster - August 19, 2013, 10:37 am

The ones I hated were ougi, suzaku(till 2-3 episodes before the end of CG) and nunnally .

I personally didn't like Kallen very much and then all of Code Geass second season was basically as much panty / ass shots of her as possible when inside the machine. >.>

Nunnally was fucking annoyinh, that VOICE

OMG JUST STFU

Yea I did, nunnally's voice was unbearable!

Invincible - August 19, 2013, 11:18 am

Nunnally and Suzaku. I mean how can they be so naive?

I don't think i hated anyone in code geass

Lelouch Vi Britannia - August 19, 2013, 2:12 pm

The only character I hated in code geass had to be Shirley.

She was a dumb bitch.

She deserved death.

Rolo is good.

Zapu - August 19, 2013, 2:13 pm

I hated Deetard, fucking piece of shit. Then Shirley, she was annoying.

Was too lazy to CodeGeass.wikia.com him to see if the name was right ?

Lelouch Vi Britannia - August 19, 2013, 4:30 pm

Nina was one of the good characters in my opinion.

She created the F.L.E.I.J.A bombs.

Almost forgot this

Elfen Lied - August 19, 2013, 5:24 pm

I didn't really mind Nina to be honest. Alot of other characters have annoyed me more. Suzaku was pretty annoying because he always got in the way but I liked him. He was like the total opposite of Lelouche (Not so inteligent but very good at fighting and also the way he wanted change the world by joining Britannia but Lelouche fought against it.)

Charismatic - August 19, 2013, 10:28 pm

I found all characters in code geass were needed to make the show what it was.

Elweth - August 20, 2013, 3:33 am

Mine's Nina as well, she's one psychotic crazy bitch. She's ugly as hell too :X

This. So much this. Her and her fangirlism towards Euphemia was annoying as fuck.
