Thread: [crypt me a file? and teach me how to spread?](#)

iplaywin7 - August 22, 2013, 5:22 am

could anyone be able to crypt me a file? and teach me how to spread? i need some slaves.. dont want to buy a crypter just yet so would be good if someone could crypt my file for free thanks very much pm me

Snowwy - August 22, 2013, 5:28 am

I'll be happy to crypt one of your servers, I don't ask for money, all I ask for in return is that you share a slave or two.

There are various techniques of spreading and crypting in HF.

Just TAP "Search" Above, type all you want
