We would be happy to make you any type of graphic design, we can make animations, anything you would like.

You can submit a form on our site, or you can just order it directly from paypal.

I make WAY better graphics for free. (no dis-respect OP.)

+ you could make your own website instead of using a theme?

Easily done with bootstrap.

Sorry, but when this is the first thing you see, and the only picture on the website, it doesn't seem very good.

First of all, I'd like to say that you posted at the wrong section, you must post it [here](#)

My opinion is, that no one is going to buy something from you, sadly.

You are claiming that you are 10/10 designer..

And if you are a 10/10 designer, atleast put effort on the logo, or show one of your best works.

Not such a 20 seconds of works..

My 4 years old sister, can do this.. on her iPad :|

LuL, just lol.

I don't want to live on this planet anymore, after reading that '10/10' and taking a look at the logo.
