Hello Hackforums. Today I'd like to report the users [Lakai](#) (now known as Tutelary)

1. Link to the scammer's profile. This is to prevent confusion if a username change occurs.
[Lakai](#) (now known as Tutelary)

2. Link to the thread in question if it exists where you may have been scammed.

This was a middlemanned trade by Tiszy, here's proof of him messaging Lakai, provided by him.

3. Search Scam Reports area for any existing threads with the scammer. Search by username and also uid; If uid's are included, it will be easy to find the report.

There are currently no other reports on this user.

4. Post any images/screenshots that you can provide as evidence of the scam. Best option is to use the spoiler tags for images.

So 48 hours ago, Tiszy contacted [me on my exchange thread](#). As he is a trusted member, I added him on Skype. Please note that Tiszy is in no way a scammer here. He provided what was needed to the other side, and is still 100% legitimate. Here is where Lakai added Tiszy, and he confirmed.

Unfortunately, he even broke my terms of service. I mentioned in the skype chat that Lakai MUST be the one sending the funds. And he wasn't.

Damn that was a dick move, hope you get your money back though.

- Kinda seems as though he didn't even use that PayPal without permission seeing that it wasn't his.

I can 100% vouch for this scam report and it could have very easily been me the one making this scam report right now instead of OP.

I was approached by Tiszy and Lakai about doing the same exchange except I was going to do the whole amount which was just under \$500.

I actually went through with the exchange but he was saying that he was having some problems with his account and he couldn't send it as friends and family and the PayPal account that they sent it from was a female account. Whenever I saw that I got sketched out and refunded it and called off the exchange all together.

I really hope you get your money back.

Sad... I really trusted Lakai....

He was one of the first members that got me into Hackforums

bandors - August 26, 2013, 1:29 pm

If you guys would actually read what happened you would realise it was not Lakai's fault this happened and he did not make a penny from this. Stop circle jerking and actually read what happened.

Ninetales. - August 29, 2013, 2:20 pm

Just lost the deal dispute in Paypal. Super upset right now.

I'm sorry dude, I know how it feels.

This right here is the biggest downside of doing currency exchanges.

You're an idiot if you really think that he didn't make a penny from it. I bet his friend doesn't even exist and he just invented another person to take the fall for the scam so it wouldn't all come down on him.

Hopsin - September 5, 2013, 12:25 am

I suggest you to put/add this at your OP

He scammed another member. Shame that my reputation about him shows the truth.

Still haven't gotten paid after this has been buried.

bandors - December 13, 2013, 1:13 pm
