Thread: [Highschool Hentai Question](#)

Senior Sherlock - August 29, 2013, 3:39 am

Just a question I wanted to ask you guys, in school girl setting do you prefer: (AKA, each question has something to do with highschool uniform.

Girls completely naked

Girls with skirts on, but nothing else

Girls with shirt on, but nothing else

Girls getting raped with torn uniform

That type where they tie you up and use you as a cum dump in the public bathroom, usually accompanies but skirt on and ripped open shirt.

Girls with sex toys on under their uniform

I have to go with skirts on and cum dump. They are just unbeatable.

TouhouTard - August 29, 2013, 4:21 am

Aslong they have striped pantsu (aka Shimapan) , I don't really care. Yes, they are that important.

Kina - August 29, 2013, 4:50 am

Well, Tweety wants me with nothing on but knee high socks that are mature black with red ribbons.

I want Tweety in just a skirt...

Elweth - August 29, 2013, 5:00 am

Girls with sex toys on under their uniform. I got this weird fetish for this :3

Especially in Rinkan Club and stuff.

Garden of Sinners - August 29, 2013, 5:46 am

Elweth - August 29, 2013, 5:52 am

I don't watch hentai you sick perverted fuck.

Senior Sherlock - August 29, 2013, 10:28 am

I don't know about you guys, but right now I'm thinking of just bloomers and nothing else and forcibly ramming your cock in as to use the bloomers as a condom... Or cute lolis with tears going down their face as you slowly undress them, and make perverted comments while doing so, oh the pleasure of a tear filled screaming loli while you deflower her. ?

binomial nomenclature - August 29, 2013, 2:56 pm

the story line has to be good no random fuck scene at the beginning where i dont even know who the main character is or his name.

i also kinda like the vibrator under the skirt thing XD

Happeh - August 29, 2013, 4:24 pm

Mastery - August 29, 2013, 6:18 pm

I rarely watch hentai.. I've saw it like once or twice. I like normal porn better.

Normal porn is overrated. Hentai or GTFO. :)

And someone said that is psychopathic. Sadistic? Yes. Psychopathic? Well, depends on the psychopath. Some don't like rape. Others do. Some don't like pedo's. Others are pedos. But most of the time, they will just lie to you, because hentai is for sick perverted fucks like Sherlock, amirite?

Sherlock takes it some steps further, if not stairs.

Nice to give your opinion on this matter and I highly respect your opinion.

Cheers ?

Elweth - August 30, 2013, 3:57 am

I go for hentai mostly because it has storyline :3

Phizo - August 30, 2013, 11:51 pm

An unbuttoned shirt with a very short skirt. Yup, that's probably my favourite.

XDaWNeDX - August 30, 2013, 11:53 pm

Unbuttoned shirt with a very short skirt. Also, toys under the skirt during school is pretty nice as well.

Garden of Sinners - August 31, 2013, 2:26 am

I personally don't watch hentai but don't mind others that do.

DarkShadowz - August 31, 2013, 5:15 am

Girls with sex toys under their uniform.

Hatsu Inu was one of my first and one of my most favorites.

Purples - August 31, 2013, 9:00 am

I don't watch hentai, but I like short skirts. You can see a little, but not enough. It teases me.

This. Black knee high socks with red ribbons with optional pantu's that generally come off later. This is what we should be living for, no?

Hentai? - August 31, 2013, 6:58 pm

Toys. <3 That shit is really hot.

Also just a unbuttoned shirt is hot too.

drifters22 - September 1, 2013, 3:48 am

i'm a huge fan or harem hentai's loser protagonist gets all the ladies, Girl's Lacrosse CLub, Shocking Pink, Slut Girl, kind of deal

mkraemer - September 25, 2013, 5:55 am

Girls with sex toys on under their uniform yeah this is the best

Fox - September 27, 2013, 10:40 pm

Girls with their shirts on (unbuttoned/breasts exposed) and nothing else OR completely naked.

Girls sitting and showing their bare feet in front of my face is also something I like.

Spoiler [\(Click to View\)](#) Yes, I have a foot fetish. ;_;
