Thread: [\[\\$9.95\] SteamSanta - The Ultimate Guide to Free Steam Games](#)

SIM-530821 - August 30, 2013, 11:20 pm

Vouches:

Spoiler [\(Click to View\)](#)

(Aug 30, 2013 09:54 PM)silentsh00t Wrote: [\[CITE\]](#) I just finished reading this and I have to say it is a really good method.

The only thing is that you will need time and a small investment.

It is possible to get whatever game you want on steam!!

(Aug 30, 2013 09:40 PM)Steam™ Wrote: [\[CITE\]](#) My review

This ebook looks like a good method to get Steam keys, but not really free, you need to invest a bit money approx 5 - 10\$ maybe less maybe more.

If you have just a little bit time you can start getting low-price games and if you put a bit more work you can get games like payday 2 and with a bit more work maybe COD ghost and other good games.

My vote

8/10

Originality

10/10

difficult

6/10

Hello! My name is [Decompiler](#) and I will be reviewing your e-book today! Please keep in mind that this is my strict opinion on this e-book and may vary depending on the reader. In no way does this official review vouch for the seller or the validity of the e-book contents. All e-book sales are at your own risk. Let's begin!

==

I have read this ebook and I have not seen a guide similar to this one. This ebook is very detailed and explains everything in detail.

No, this isn't the photoshop steam SEing methods or stealing accounts in any way at all. This is all whitehat. I honestly think a 14 year old can learn how to do this if he set his mind to it. For such a low price of 15 USD this guide is perfect from a casual steam player to a steam gift seller. I honestly think you will be happy with purchasing this ebook.

Overall rating 10/10

[img]http://icons.iconarchive.com/icons/visualpharm/ios7/96/gift-icon.png[/img]

(Aug 30, 2013 11:07 PM)?pth?n Wrote: [\[CITE\]](#) This is my original review for this e-book. Note that I'm not a personal friend of the owner, nor I got paid or anything else for leaving this review.

Grammar ?????

Good grammar with little to no spelling mistakes.

Originality ???? Read this part!

I have read through the thread. Two users are claiming that this is a public method. Personally, I didn't see this method before. Furthermore, I even asked for links so I can see if this method has been posted in public before, but I didn't get any links. I don't really deal with Steam, neither did I search for such a method in past.

I honestly can tell you that I haven't seen this method before. It may be common sense, but come on, which e-book isn't?

You can't expect from anyone to reinvent the wheel. This is why I leave four stars for the originality, unless someone can prove that this method is public.

Ease Of Use ???

As others already said, you have to invest some money for this method. So they aren't really free. But you don't have to invest much, more like a few bucks - depends.

Organization ?????

Alot of effort has been put into the layout of the thread and the e-book. It's not christmas time yet, but the design looks nice and the e-book is well organized and structured.

Overall ????

Xeronations put alot of effort into writing this e-book. Personally, I didn't knew about this method before. You have to make a small investment in order to succeed, but if you don't care about this you should consider purchasing this e-book. Note that there is no real guarantee that you will get the game you are looking for. It will take some time to get a game.

Good luck with the sales ?

(Sep 8, 2013 05:56 PM)Sword Art Online Wrote: [\[CITE\]](#) This method does require a SMALL investment,but other then that, keep up the great work.

Everything is explained in detail as to what you have to do.

(Sep 9, 2013 07:38 PM)Sammich Wrote: [\[CITE\]](#) Just purchased this eBook and it looks absolutely fantastic! I see some folks saying that it's public, but I personally have never seen anything like this, or even remotely like it.

The author provides plenty of detail, and there's tons of little tips & tricks to help you out.

The layout is fairly basic, but very clean and easy to read.

As for support, Xero has been very friendly and helpful. Quick responses, and quality answers.

You have my vouch!

(Sep 10, 2013 05:14 PM)????? g?f?? Wrote: [\[CITE\]](#) Just purchased, while it does seem kind of like common sense, this e-book teaches you all you need to know on how to get any steam game for free, or build up a collection. The tips he gives are great as well. Very neat ebook.

[img]http://i5.minus.com/i1EP4hsiduRKl.png[/img]

NO LEAKING.

NO CHARGE BACKS.

Open for sales again at just \$9.95. Previous thread was junked due to a leaker.

Hispanic - September 5, 2013, 8:58 pm

Looking interesting, will be PMing you about this. :)

Nyan HF - September 5, 2013, 9:00 pm

Looks very interesting will pm you.

Duhoh - September 5, 2013, 9:01 pm

So you can literally get ANY game you want for free with no effort? I'd LOVE to buy this, and I can do it right now, but it seems way too good to be true. Can we have any sort of proof/clarification of what I said?

Slut Muffin N - September 5, 2013, 9:02 pm

Actually it's not free it's \$2. Anyways, I don't like this method. Also, I won't give it to anyone. But, I don't like it honestly.

SIM-530821 - September 5, 2013, 9:03 pm

You do need to put in some effort. It's mostly just waiting. The 3 rows of games shown below are obtained using the method.

Yes, some people do need to put in a max of \$2 at the beginning. However, I've found that most people already have the things required that you need to pay \$2 for.

I respect your opinion. It's all a matter of choice.

Nigga From Africa - September 5, 2013, 9:08 pm

Seems so good but i dont have any money ;(
so for now GLWS

No problem man. Thanks for posting in the thread.

I'd like to remind everyone that I do offer full support with this eBook.

I'll be going to sleep for the night, but i will be answering any questions, concerns, or issues as soon as I wake up.

Ink Heart - September 6, 2013, 4:01 pm

Legit seller, and a cool guy.
Vouch, and GLWS. ?

Truth Will Out - September 6, 2013, 4:02 pm

do you accept trades, i can trade a facebook cracker/bfer + 1000 instagram likes on pictures, or i could do a video review of the ebook after i tried the method and show the games i received from it.

Diligence - September 6, 2013, 4:03 pm

This is a public method.
It's simple, and has been done for years.
Not worth 15\$ I must say.

Shoppa - September 6, 2013, 4:06 pm

Can you get banned for this method on steam? and can we use this on our current steam account or do we need to create a new one?

SIM-530821 - September 6, 2013, 4:09 pm

(Sep 6, 2013 04:03 PM)Diligence Wrote: [\[CITE\]](#) This is a public method.

Not worth 15\$ I must say.
It's not "public". I will admit that it builds on something somewhat basic, but there isn't a single eBook on HF that doesn't.

According to your logic, every PPD method is worthless because it builds on the idea of getting people to download your file.

My eBook takes up something that has been there for a while, and completely revamps it for maximum results. Most people haven't even heard of the "base" of the method itself.

(Sep 6, 2013 04:06 PM)??Shoppa Wrote: [\[CITE\]](#) Can you get banned for this method on steam? and can we use this on our current steam account or do we need to create a new one?
No bans.
You can use your normal account.

Erwin Schrödinger - September 10, 2013, 6:32 am

Hello! :)

I was just wondering about the thing you need to get started? Like is it a REAL item or something online?

Because it's really hard to get anything where I live.

Thanks

SIM-530821 - September 10, 2013, 6:34 am

Thanks

It's something easy, and online. You can get it fast, and it costs a max of \$2 if you don't already have it.

Erwin Schrödinger - September 10, 2013, 6:35 am
