Hello guys!

I want to read some opinions about some topics of you about some topics related to One Piece.

First of all I wanna ask ya'll these 3 questions:

1. Which do you think will be the final battle for the One Piece [If you think that there won't be even a final battle, argue why :)]

2. Which character do you think has/will get the highest bounty?
(We already know here that the Warlord Flamingo had/has the highest known bounty of 340.000.000, but I guess there are many other guys who have a far higher one)

3. Do you think there will be more main characters who'll die/be executed whatever?

Of course everyone can ask other questions...

Try to give detailed answers and stay to the topic [--> One Piece!]

[[PS: I'm sorry for my bad English :(]]

yea lol i pick it up then drop it like every 40 eps ?

Yuusha - April 18, 2010, 1:33 pm

I caught up rather quick, stalled it once after ~70 eps then kept watching 10/20 eps a day.

Zing93 - April 18, 2010, 1:51 pm

Anime gets boring after a while becuae fights are to long,sometimes story is to boring.Well anime is actually good in some kinda way im like 256 episode i think and i stopped watching it for a while because it gotten boring,well im thinking of starting it now

Crash0r - April 18, 2010, 3:19 pm

Trust me guys, it's really worth watching...when you get nearby Episode 400, you'll know why...

I know, some parts are pretty boring because they try to give the Anime-Writer more time, but as I said, keep on watching, you won't be dissapointed!

btw: You can answer the questions or ask others even if you haven't finished yet...

DragonBook - April 18, 2010, 3:39 pm

(Apr 18, 2010 03:19 PM)Crash0r Wrote: [\[CITE\]](#) ...when you get nearby Episode 400, you'll know why...

I'd rather find out around episode 2... ? I don't think I can sit through 200+ fillers.

Crash0r - April 18, 2010, 4:08 pm

Hmmm, that's a good point...

Inbetween there are sometimes good fights and the story is also pretty well structured, also before episode 400...

If you really start watching this Anime, I don't think that you'll drop out watching it just because of some boring Episodes. Don't forget that you can skip some Episodes if you don't like em'...maybe there isn't any content which is neccessary for the upcoming ones.

Epicness, how many did you watch?

Rainclouds - April 18, 2010, 6:54 pm

At least its not like naruto when they went into the hell known as the " 100 episode filler".

I never complain about filler after watching that because after that whenever i watch filler i can say at least its not like naruto's filler and continue watching.

Nyx - April 18, 2010, 7:01 pm

i still have soul eater(easy) and gintama(medium) too finish before i start to even think about finishing this ?

Cycoslayer - April 19, 2010, 4:09 pm

havnt seen this on tv anymore i was hooked for the longest time

Crash0r - April 23, 2010, 10:16 am

Come on guys, is there nobody out there who likes to discuss about One Piece?

I thought this Manga/Anime is famous...

Moot - April 23, 2010, 11:00 am

I'm only on like episode 11 for One Piece :/

I always forget about it... And there are too many freakin episodes.

shounenboy - April 23, 2010, 2:33 pm

All of you who are too lazy to watch all eps, why don't you read manga, you can watch episodes with big fights (CP9, Thriller bark...), or you can read manga to the last few episodes of anime. I mixed these two (sometimes i watched anime, but most time i read manga) and i dont regret. :D

Really, its pity not to watch so good anime just because of too many episodes. :)

Crash0r - April 25, 2010, 7:16 am

To all of you who are watching One Piece (or try to watch it >.<), how many eps have you watched? How did you like it until now? Will you continue watching it?

Sir Neko - April 25, 2010, 7:27 am

Only seen 1 episode, where he is in jail. Then he escapes from some wimin.

Crash0r - April 25, 2010, 8:17 am

Anime cause I cba to read.

Please put such information in spoilers, because there are guys out there who are still at the beginning or in the middle of watching, and if they read this, they'll not be happy ;)

If you haven't finished reading/watching One Piece yet, I don't recommend you to open this spoiler. Spoiler [\(Click to View\)](#) Because of the fact that he is the leader of the revolutionary army, there is a high possibility that he has one of the highest bounties in One Piece. I don't believe that he has the highest though, because he hasn't as much influence as the Younkou (pirate emperors) have.

SavageBoys - May 1, 2010, 5:18 pm

I never got passed ep 1, looked too goofy i guess.

Crash0r - May 3, 2010, 3:58 pm

I just finished the last Episode which is currently out, and it's exciting as hell.

Can't wait to see the next one, even though I've already read the Manga :)

Spoiler ([Click to View](#)) Yeah, Donquixote seems really powerful, and I kinda knew that since the scene where the Shichibukai gather at Marine Headquarters. There he manipulates two Marine soldiers without even staring at them.

I kinda like Blackbeard because of his strength. IMO he will be the last opponent of Luffy before One Piece.

Zoro, has some special ability I think, because he took Mihawks slash and still survived, and also when Kuma transferred all of Luffys damage to him, and he survived, whereas it would've killed any of the other characters. I think big things are yet to come of Zoro.

Crash0r - May 16, 2010, 9:47 am

I personally don't care the way it's drawn. It's important that it has a good storyline, meaningful scenes, action, a bit comedy and so on. If you start watching it, I don't think that you'll care about the way it's drawn because you concetrates on the happenings and on the story.

Have fun watching it.

Just finished the Water 7 arc, but I've been watching One Piece dubbed this whole time. I've starting watching it subbed and it is very hard to get used to.

The Japanese voices are giving me a headache. Normally, I can watch subbed anime and listen/adapt to Japanese voices quite easily, but for One Piece it is much different. I do not like the voice acting.

Although, I do have to admit that after the Water 7 arc, the real action starts happening. So I guess I can get over the terrible voices lol.

Elweth - September 28, 2014, 11:04 am

It's because you're used to dubbed, hence you find subbed weird. Takes a while to get used to it, unless you wanna wait for One Piece to be dubbed on the current arc.

Right now its so exciting, people told me that after the Great War One Piece went to shit and became a child show, but it isnt. Also Bartolomeo is so awesome, I love that guy. Didnt expect him to be this awesome. Also, I think Violetta wil join the strawhats and that Rebecca will meet her dad again and be released! Maybe as a princess or w/e.

I have a theory about Shank's crew and his power level. Kind of like how Whitebeard had what was considered the "strongest" devil fruit, I think that Shanks has the "strongest" haki. I also have

estimated his crew's abilities/powers as well. Think about how adamant haki works. On impact it can hit devil fruit users who normally wouldn't be affected by punches/etc otherwise, correct? Haki can be used as an offensive power that can hit characters such as Kizaru Borsalino. All the members of Shank's crew have guns. I personally believe that they use haki bullets. When Rayleigh was teaching Luffy about haki, he explained how haki can be infused into objects such as weapons. Think about the potential of Shank's crew after considering the use of haki bullets. They can hit enemies like Blackbeard and Kizaru with bullets and it can actually do damage! Also, my theory is that Lucky Roo is a lot like Sloth from Full Metal Alchemist; he can either speed up super quickly, or he can pause time somehow (people have already speculated he has a devil fruit to do this.) Also, Oda said in an SBS that Benn Beckman has the highest IQ out of all of the characters in One Piece; this must have significance or I'm sure Oda would have talked about something else. Also, keep in mind that Shanks was able to stop Kaido from reaching Whitebeard and still make it to Marineford without a single scratch on him (besides the scars on his face he had before, lol.) Also, Usopp's father, Yasopp is speculated to be the 'world's best sharpshooter.' ...I don't know about you, but when I combine the idea of the world's 'best sharpshooter' with 'haki bullets'...that becomes insanely overpowered. Shanks may in fact be the strongest character in One Piece. Even if he is not, he most certainly will put up a good fight against any enemy I can see facing him.
