I still want to see what's on the account but if I do here's the plan:

Send me the account information so I may verify.
I'll then gift you ub3r and the proof that I paid.
We then shake hands and call it a good deal.

I need to get the account back.

Please help recover it.

sorry i was gone what account? username?

At this point, he agrees to send me a replacement account that was better than the original account he sold me.

Skype PMs:

<http://prntscr.com/1q88ih>

<http://prntscr.com/1q88on>

Him agreeing and giving me a replacement account.

<http://prntscr.com/1q88yv>

Account getting recovered a few days later.

<http://prntscr.com/1q894i>

After a few days of vacation for him and myself, I sent him a few more messages about the account and he technically accuses me of changing the password.

<http://prntscr.com/1q899q>

Him basically trying to get my IP for his support ticket that he never sent to me, even when asked for.

<http://prntscr.com/1q89e3>

<http://prntscr.com/1q89j4>

<http://prntscr.com/1q89kp>

<http://prntscr.com/1q89mr>

<http://prntscr.com/1q89o3>

<http://prntscr.com/1q89qz>

More excuses. Also, my chat is missing some messages because i was on my phone while I had sent him some messages.

<http://prntscr.com/1q89so>

He says, " I send it" but I have never received anything in my HF pms nor skype.

<http://prntscr.com/1q8ael>

Here is the conversation I had with him on HF.

Overall, this guy is very unresponsive and has been pushing me away for quite some time. If he could send me a refund or even the account I would close this and call it a done deal, but it probably won't end up like that.

Oh and also, you guys who may be interested in his accounts, don't go into it thinking they were boosted by his partners (that's what he says). They ARE HACKED ACCOUNTS. You can tell by the payment options that were on the accounts that he gave me. All information that was listed on the account is not his at all nor his partner because I have received a few accounts from him and all of the payment information was different than one another. He false advertises and also doesn't keep his word.

AVOID LIKE THE PLAGUE.

True, but I took a chance seeing that quite a bit of people were satisfied with his service. Next time I'll be a bit more careful.

Apparently, he's just ignoring me.

Quite irritating having to deal with this. If anybody knows what I may do please help me out.

Only thing you can do is bring more awareness to the fact he's scammer.

I highly doubt he would refund me.

Would love to know when you could respond to the 3 messages I sent you.

Looks very legit, sucks that you got scammed man!

Wetty Fap - October 6, 2013, 6:10 pm

He scammed me too but i opened a scam report and charged back. I ended up winning the charge back and got my \$35 back. This guy is a huge scammer and i don't even know how he hasn't gotten banned yet. He's scammed a lot of members on Hackforums. If you need help winning the charge back let me know.

Yeah, I'd definitely never do any deals with him after such events. I've gotten messages asking how to resolve this but he has never decided to actually refund me.
