Thread: [Request to help: Filcelce LLC survey](#)

NerdAlex - September 14, 2013, 12:57 pm

I am requesting to help or teach me how to bypass those annoying survey in Filcelce.net i searched google to get a way to bypass those survey last 3 days but failed. XJZ Survey remover don't work anyway in this site.

Thanks in advance anyway.

Hello, there NerdAlex! :)

I think there's NO way to bypass a survey from File Ice
And when you see a "survey remover" for File Ice <= It's FAKE / Or: It's infected with malware, etc.

1 years ago i noticed there was some sort of sharechash bypass software in this forums. so thats why i though it's possible someway to bypass this website

Thanks for your time. :)

Bro, the only thing i have seen is that XJZ survey remover, which if that doesnt work then there is no other way.

Maxejder - September 16, 2013, 3:18 pm

before i was using something called surfer sumthing and i could bybass lot of survey.

Cadgetboy - September 16, 2013, 9:57 pm

i couldnt bybass lot of survey they all fake xD

There is no way. There was a JS based exploit that could bypass it but its patched now, and to m knowledge there has been no other exploits found
