Forum Link: [Not Your Average Gamers](#)

NYA Gamers is a brand new gaming site launched in September 2013. We've used the skin from YDGLU and modified it to our likings, while it's getting changed daily to fit our site more! We're looking to add a gaming clan in (NYAG) to consoles and end up coming out with a YouTube gaming account to show the world how we're Not Your Average Gamers. Hope to see you on the forums. Not much else to explain, just sign up and help us grow! Thanks.

PS if you don't want to join a review on the skin or features would be awesome too.

Hope to see you on the forums! ?

Having a bit of downtime right now. If you do connect, it'll be slow. Should be back to normal in about 10 minutes
