My opinion on this eBook

Do not buy this method, It's one of the worst eBooks I've seen. I can't even read the text as it is all bunched up, no layout, it's not even spaced out.. Then I ask for a refund, he edit's his post 4 minute later (NO REFUNDS AFTER PURCHASE, IF YOU DISPUTE THE PAYMENT, I WILL OPEN A DISPUTE AGAINST YOU).

Sad user. Don't buy.

I know I'll probably get flamed for this, but I have to speak up. I'm sure this method was so great and all awhile ago, but it doesn't work now. Basically his method contains two sites to make money, and then another site to do all the work through. One of the two sites no longer offers the program he says to do, and the other requires special acceptance. The special acceptance one hasn't replied and from what I hear is quite inactive.

Lastly, the site he says to get your money through to get the job done specifically prohibits what his method says to do. There is no way around this, and they instantly ban you if you try and do what he says. It's kind of hard to explain without leaking the method, but it simply cannot work anymore. Sorry, I wish it did.

Ok guys, just got the ebook.

And I read the method, this method I have ready in many ebooks before here on HF (for example is was one of the methods included in Rees's Money Scene ebook).

The author did not add anything new to the formula, I cannot even recall the number of times I read this method in paid and free ebooks.

It is very well known and pretty saturated, I am gonna give it a shot anyways.

But I doubt I will make any money, I should've expected this kind of quality from the communication I had with the author.

I do not recommend purchasing this ebook as I doubt you'll be able to make money from it, especially fast cash.

I have just now bought this method, I have already seen this method somewhere else, Although, the method still works. It will take you sometimes to set everything up at first, but then you'll start seeing income in no time. I'll be posting a payment proof in no time (I'll wait for like 3 sales or so).
