Hi guys, I have found a new app for iDevices where you can earn some easy money! You can get giftcards, PayPal money, and lots more! The app is called AppJoy and its free from the app store. It may also be on android but I'm not sure.

When you have downloaded and signed up on the app, use this code to get a bonus 2500 Nanas!
CODE: y1092890

YOU NEED AT LEAST 15000 NANAS TO USE THE REFERRAL CODE, JUST DO 1 OR 2 APP
INSTALLS THEN YOU WILL HAVE ENOUGH

Watch app trailers, download apps and other offers, all of them will earn you 'Nanas' which you can exchange for gifts! Its as simple as that! Here are a few screenshots:

I'm sure that code also binds us to be your referall. If it's a referral code then this should be in the ref section.
