Get a better DarkComet download that isn't broken? O.o

Carb0nite - September 22, 2013, 3:37 pm

Can you find me one? I'm trying my best, they're all broken.

Zapu - September 22, 2013, 3:37 pm

Where are you downloading it from? File might be corrupted.

This.

There's also a clean download link in this tutorial :
