Thread: [Can you crack the code? \[Challenge #2\] - CRACKED! :D](#)

TheDubWubCub - September 28, 2013, 4:26 pm

Hello HF! :D

Normally I would do these types of challenges with a prize of some sort, but I honestly have nothing to contribute other than just these challenges for the time being, but I really hope you enjoy them anyways haha! :D

Hint:

Knowing how to crack Cipher #1 & #2 will definatley help you crack #3!
1st thing to know is about the 4 x 4 grid and the 2nd would be the Opposite.

If you're still confused, just keep analyzing all of the clues and something should click for you that would enable you to crack the code haha but yea enjoy! :D

Code 1:

_ = Space

TCG_HOOMEWEO__SO

Cracked by "The Dark Side of the Moon"

THE COW GOES MOO

Code 2:

GDL WILKH LU DZGVI

Cracked by "The Dark Side of the Moon"

TWO DROPS OF WATER

Code 3:

XMIGLTZH

Cracked by "LsDefect"

CONGRATS

Enough information has been given for you all to be able to crack Cipher #1 & #2.
For #3 you will have to combine some knowledge gained from cracking #2 & #3.

Good luck & Hope you guys enjoy! :D

Next Challenge won't be until October 3rd! :D Thanks again for participating! :D

The second one took a bit longer, but is " Two drops of water"

The third is coming along slowly.
