HOW TO MAKE \$2000+ A MONTH

This e-book cost me but I am willing to give to the community, this very EASY method to earn almost 2 GRAND a month, if you follow each step carefully!

FIRST GO To: <http://bit.ly> [WARNING: potentially infected]/1bTeZnj And REGISTER, MAKE SURE YOU USE ME AS YOUR REF (krept55) - this will help you with the site and help you earn more, I'll explain this after.

NEXT once you've signed up and activated your account, click on View Ads and click on all the ads. You will need to do this for a few days until you have atleast \$0.6 in your account. Another trick - most people don't tell you to do is to play ProGrid - this is an easy way to easily earn \$5 from one click.

Once you have earned your \$0.6, click on Rent Referrals and buy 3 Refs - this means people will be making money for you. Now repeat step 2 and 3 until you have got around 100refs and try reaching \$80 dollars.

Once you get \$80 dollars, upgrade your account so you can get about 2000 more rented refs! This will allow you to earn almost a grand+ a month!!

If you need any extra help or have any questions, please feel free to PM me.

Make sure you vouch for me.

This is not an e-book. This is just a few generic sentences traced with lies for example "play ProGrid - this is an easy way to easily earn \$5 from one click."

Progrid is not a way to earn 5 dollars from one click. Being a standard free member will give you a 1/30 chance per day to earn. And even then most likely it's going to be 10 or 25 cent. The whole purpose of this post is simply for you to get direct referrals.
