[N.S.A](#) <--- Profile. He asked me to leak an ebook that I bought to him and I told him no and he gives me neutral rep. I know that neutral rep isn't the end of the world but he is accusing me of being a scammer which I have never done and will never do. This looks VERY bad on my profile and IDK if he is doing this to anyone else or not. I can't stand people like this. And I ran out of my daily rep so I can't put it on his rep to warn people today. Just take a look at these pictures for proof.

Somebody gave him the SAME exact rep that he gave me a couple days ago. He copied what that person wrote and gave it to me...

Charybdis - October 5, 2013, 2:30 pm

Looks like legit proof to me. Hopefully you get that resolved and he can receive and consequence or something.

Your Buddy - October 5, 2013, 2:41 pm

That is extremely pathetic on his part. I'd just ignore it and move on, I guess.

I wouldn't care if he just said like "LQ Member" or w.e but the fact he's calling me a scammer people might believe him....

Healasuk - October 5, 2013, 2:45 pm

Well he doesn't have a scam report to back him up so you're fine.

It still looks awful on my rep hahaha

SpriteZ - October 5, 2013, 3:13 pm

You can report it and get it removed.

Enforcement - October 5, 2013, 3:15 pm

It's like the guy who left false reputation on me, just for commenting in a thread about him.

He also left the same reputation for everyone else, but thankfully, I'm not in to selling here so doesn't damage me much.

Hubert - October 14, 2013, 6:51 pm

Thank you everyone who repped him to warn people what he is doing

Realing - October 14, 2013, 9:21 pm

This exactly happened to me recently like about a week ago, but the person that rep abused me decided to mature, and remove the false claim he left on the rep. It's pathetic how people make up stories on reps, just because they don't get what they want. I know how you feel. I was neutralized repped aswell with a false accuse of scamming, and it looks really bad, but like I said my person decided to mature.

Autopost - October 15, 2013, 3:51 am

Considering Leaking is against the rules report it to staff, also no displaying personal messages in community alerts.

Sir Asylum - October 15, 2013, 6:50 am

Wanna see something very ironic? Check the neg rep he gave me it says: Paypal scammer LOL, which is the thing hes doing. Is he like 11 or something.
