Thread: [\[Crypters\] A bunch of crypters!!! \[FREE\]](#)

JeReMyOwner - October 7, 2013, 11:45 am

This is all the fud crypters i used to crypt servers. Pm me if you want them.

Scan them if you want.

Grimzyy - October 7, 2013, 12:25 pm

One post, seems unlikely..

Post links and virus scans, then maybe we'll trust you.

thanks.

thanks.It wouldn't even be worth his time. There'll be countless false-positives and for him to even gain any trust from members would be quite hard with a single post...

Anyway, pretty pointless. They're more than likely binded with another persons shit.

Grimzyy - October 7, 2013, 12:38 pm

(Oct 7, 2013 12:28 PM)%00 ? ? Wrote: [\[CITE\]](#) It wouldn't even be worth his time. There'll be countless false-positives and for him to even gain any trust from members would be quite hard with a single post...

Sorry guys :/ im new on hackforums im gonna delete this . Your right it look suspicious Contact me on skype and will talk about these crypter(skype:weedyhoney)

Sorry guys

SmokeGfx - October 9, 2013, 12:54 pm

Would be nice if you showed us some pics

JeReMyOwner - October 9, 2013, 1:00 pm

Ok Im gonna try to make screenshots

Anyard - February 27, 2015, 5:30 pm

do you have a jabber?

i dont trust skype

freud kay - February 28, 2015, 4:14 pm

would i be posting in the right forum if i asked how to detect a backdoor from my crypted file ..add me on skype (freud.kay)
