Thread: [Fake Wireless Access Point Creation-Rogue AP](#)

Cr0wTom - October 10, 2013, 10:43 pm

In this tutorial for Cr0w's Place we are creating a fake wireless access point to sniff login credentials from the users that connect in it.

Youtube Video: <http://youtu.be/CdqhNN1OfHY>

Wow! Looks amazing! Sure will try this out!

SIM-1980240 - October 11, 2013, 7:00 am

Nice tutorial OP. Not subscribing but good luck on your channel.

jonte00 - October 11, 2013, 2:50 pm

lol man,,, good tutorial,, need some improving unless you are a beginner

TheTurk - October 11, 2013, 8:51 pm

Nice tut op i always wanted to do that

Cr0wTom - October 12, 2013, 5:47 am

Thank you guys, I am a beginner in tutorials but i will try to become better...

dancing_eric - December 26, 2013, 5:03 am

this is exactly what i've been looking for! thx a lot.

strimpel - December 27, 2013, 5:38 am

i try execute this scrip but no luck didnt work to me i dont know why :(

MetriX - December 27, 2013, 5:49 am

strimpel check the comments from the youtube video , if you gonna follow as he does , you will succeed aswell

Mr.iD - December 29, 2013, 4:46 pm

AMAZING WORK BRO AND ITS HD THANK YOU VERY MUCH :D

supperb smile - December 30, 2013, 10:52 am

looks good thats nice thing..., keep it upp
