Quote:What is Mocha Stealer?

Mocha Stealer is an advanced password and CD Key reclaiming program. Once you have installed Mocha Stealer on the computer you wish to reclaim information from you will be able to view all gathered information from the helpful steal section in the member's section. We are implementing new programs and websites in which we regain information from almost daily. We have attentive members of staff who are always ready to help either through the support system, or over Skype!

How can I be sure my information is safe?

Our system allows users to view their keystrokes through the logs section, and their e-mail. Once a user has fully remembered this information they can delete it. All information is stored in your user area only and is only accessible by you. There is no trace of the information anywhere else.

Legal Notice

MochaStealer.com & Mocha Stealer's developer take no responsibility for your actions. This is because we have no access to what you are doing, therefore it is impossible to monitor your behaviour.

Slothells

Pulsefire Ezreal - October 14, 2013, 4:43 pm

Vouch for sloth, I've personally purchased all of his products and he never fails you, furthermore I've watched him code on numerous occasions and amazes me every time with the shit he comes up with.

FriedEyeSockets - October 14, 2013, 5:16 pm

Bought a monthly account and am not able to login, Lol.

Please PM me your details, payment id. It appears I haven't set up the Ipn correctly

????? - October 14, 2013, 5:31 pm

So this is kind of loader for stealer???

FriedEyeSockets - October 14, 2013, 5:33 pm

Alright, I sent you a PM.

(Too Short)

It works now, thanks dude.

(Again, .)

Thanks very much pal.

0.3a will be released tonight. Fixing the IPN and adding 2 more stealers

?ProtoType? - October 15, 2013, 4:07 pm

What does it steal?

Does it steal browser data ect or just facebook and stuff?

Mr Slothells - October 15, 2013, 5:06 pm

I am constantly updating it to steal more and more, it steals from most browsers and the main websites, Facebook etc... It also uses installs as bots for ddosing

0.3a released, fixing a minor issue a member found.

ParashiteHF - October 16, 2013, 8:54 am

Vouch for Slothells, I just purchased a 3 month account and it's looking great so far! Cheers.

Unloyal - October 16, 2013, 8:54 am

WAT A RUBBISH FING.

Joking, and vouch for Sloth.

Looks good.

Combined along side the ability to use clients as a botnet

0.5a released. Enhancing the way it adds to start-up!

Mr Slothells - October 17, 2013, 5:08 pm

Currently working on adding remote logging, shouldn't take too long to implement!

Mr Slothells - October 20, 2013, 12:10 pm

0.6a is nearly complete. Just finishing some touches as of today.

The GUI was actually made by a member of this forum, I will re-edit the thread thanking him for it.

I cannot find the name of the user whom made this theme, thanks to whoever it is. I will add you once I find you.

Mr Slothells - October 27, 2013, 4:43 pm

Sold one more copy, thanks for the purchase. Please remember to post here with your feedback :D!

Mr Slothells - November 4, 2013, 8:46 am

Will be updating this once more in the next day or two. All seems to be fine as of now so the update will just be a precaution.

Mr Slothells - November 6, 2013, 5:36 am

The logs section will be re-designed soon. I am not happy with the current appearance.

Mr Slothells - November 8, 2013, 1:13 pm

Sorry for slight downtime, member of this forum DDoSed the website. Connection has been stabilized.

Mr Slothells - November 10, 2013, 1:00 pm

If you have purchased within the last 2 days, please message me ASAP.

keltplayer - November 11, 2013, 6:41 am

Hi bro, does the stealer steals from the latest firefox and chrome?

Sm1th???? - November 14, 2013, 7:22 pm

Vouch for sloth. See his posts all around the forums, always HQ.

Thanks a lot pal, means a bunch that you say this ^^

Mr Slothells - November 20, 2013, 4:34 pm

All users have been e-mailed if their accounts have expired. I wish to thank them for purchasing.

Mr Slothells - November 24, 2013, 3:05 pm

Sorry for downtime- I was editing the database as there was a problem that kept adding unnecessary HTML code to the end of logs (oops)

Mr Slothells - November 28, 2013, 2:44 pm

I was having issues with payments, I will try to change the payment method for now. Do not fret!

Mr Slothells - February 2, 2014, 4:35 pm

After some law issues (Irrelevant to this) I finally have the time to continue this project. All members have been re-given their previous purchases. Thanks for using my service guys.

Lightweight - February 13, 2014, 5:28 pm

I can vouch for this product and for Mr Slothells.

Great product, well worth the money.
