Thread: [Scammed by Career - \\$880 - UID:1785331](#)

JammyJ - October 18, 2013, 10:30 am

Here we go once again with another scammer taking advantage of the nice people on this forum.

I sold him the gamertag "Chef" with a 10 year tenure for \$880 paid in two payments of \$440.

1. Link to the scammer's profile.

2. Link to the thread in question.

<https://hackforums.net/showthread.php?tid=3753713>

3. Search Scam Reports area for any existing threads.

None I can find.

4. Post any images/screenshots that you can provide as evidence of the scam. Best option is to use the spoiler tags for images.

I'll just start off with the step by step story.

- Paid for tag. All went well. Deal went through perfectly.
- Tag was banned. (Also my tag Panda was banned and my xbox and even more OGs on the Xbox)
- He said he wouldn't chargeback. I offered OUT OF THE KINDNESS OF MY HEART to pay half back because I felt bad.
- I was being paid yesterday which I was. Cheque is being processed at my bank and was going to be ready on Saturday.
- He just chargebacked the whole \$880 I assume because he feels like he's entitled to it or something?

Either way he's a scammer.

Now for the proof:

Spoiler ([Click to View](#))

I'll add more proof in a bit because I'm just gathering my information about him and my package tracking IDs etc.

I'm not worried about losing the money because I won't. I'm just annoyed that he thinks he's entitled to this money. We both lost out and that's shitty but I have no obligation to pay for that at all. I offered to pay half out of me being too kind again. Look how it shows the assholes again.

His selfishness is uncanny.

He was getting half. Now he's getting nothing and a lot of shit on his back.

This scam report looks legit, hopefully you get your money back Panda. ?

If I was Career I would've charged back on your ass as well, you FUCKED him over so hard. You sent a message saying "New Owner" when you sold it and minutes later the account gets signed on into another continent so you pretty much asked for that ban on "Chef" and "Panda".

Nvm^^,

If that is the case, you really did fuck him over quite hard there was nothing he could do. Expect your money back Career. ;)

Panda did you not learn last time I was able to work so much magic.

Honestly I think this should be split in half. It was both of your guys faults. The fact that he sent out a message saying "new owner" is not why it was banned. It changed regions from us to uk back to us in a very short amount of time and it locked the billing and was later banned. Both of you are friends of mine but this should honestly be split.

Lord - October 18, 2013, 12:57 pm

Looks like a huge scam to be honest. You have lost out on the Gamertag, so you don't deserve to lose the money.

Breakbot - October 18, 2013, 1:01 pm

to be honest i would have done the same , you are pretty much the reason the tag got banned (after maximum comment) and should have agreed about this before the deal was done .

D3RP - October 18, 2013, 3:46 pm

Paying \$800 for a jacked tag is crazy! It's just a matter of time until the og owner is going to try to get it back lol. If you (panda) did notify the buyer that the gamertag was jacked, then it is the buyers fault. There's a gray area when it comes to this. Hopefully you get some resolution here ?

You can send a message saying "new owner" and sign in on a different continent..

LOL sounds like what I said.. I do hope this gets sorted out.

Impostor - October 18, 2013, 4:10 pm

He recieved his item, so I guess its legit.

+Grimlock - October 18, 2013, 5:25 pm

This was completely your fault by sending that message. Career deserves all 880 because due to your stupidity you got it banned.

Savior - October 18, 2013, 5:28 pm

Still even though it's not Panda's fault. He received his product so once he paid and received the gt, Panda is no longer liable for what happens after that. Panda still you shouldn't send a msg like that.

+Grimlock - October 18, 2013, 5:40 pm

That's like saying I sell you a car and as your driving away in it I shoot your tires out and when your stopped I drop a piano on the car.

He is complaining about it getting banned along with Panda when it is all his fault for sending out the message. It sucks because idiots like this have really nice tags and they send messages like this stating they sold it.

Shanks - October 18, 2013, 5:40 pm

That's a lot of money, I hope this will get solved.

This sums it up entirely will only charged back because it's been a while and hadn't heard from panda but they should just split difference and move on

ShadowLock - *October 18, 2013, 8:05 pm*

Ugh thats much amount of money I hope you gt it back in anyways :s

All i have to do is quote this post. This is exactly what i was going to say. You also had your Bio set to "My other gamertags are TV, Beer and Panda."
