A majority of people said they "loved" the new theme.

There was more people that said they are "getting used to it" than people that said they "hate it".

I don't understand why it was removed if people liked it so much...

People love the new theme? Better remove it.

Where's the logic in that?

Maybe it'll be back when its completed or something.

Did you see omni's posts? He seems pissed, like everybody hated it. He said he's done trying to change HF.

I guess he was tired of seeing people just bashing the new theme, albeit a large majority loved it. Those who didn't like it ought not have been so harsh, they always had the option of switching.

Also, anyone noticed our names are all white? He must be tweaking the theme :P

Bloody HF are filled with a bunch of 12-year old wankers who can't ever be happy. Fuck this shit, I'm out.

I was enjoying the new theme. Guess to many fucking whiners around here.

This thread will probably be deleted. Modern Theme was the best...

Modern theme was the best, haters always fuck shit up for us.

Omniscient - October 23, 2013, 8:36 am

I'm just tired of endlessly tweaking it. Just use the Old School theme.
