Molec - *October 26, 2013, 2:38 pm*

Hey guys, i'm recently back from a long time of inactivity from hacking and all his relative stuff.

So i have to warming up, i'm asking if there are some guys over here, that want to do this with me. (I can explain you some stuff, you can learn if you want).

Write below, in such a way i can pm you my skype. Respect ?

Lights Outt - *October 26, 2013, 2:39 pm*

Seems interesting ill pm you now. ?

apt-get money - *October 26, 2013, 4:44 pm*

If youre going to be learning me stuff about website hacking that would be awesome. Id love to go around doing shit with you. Shoot me a pm.

lemonweapon - *October 26, 2013, 8:01 pm*

I'd like help on writing a basic php-webshell that automatically uses php memory corruption bugs to achieve elevated permissions and perhaps root. Should I add you :)?
