Thread: [Any of you guys ddosed a cell phone?](#)

Anim4l - April 23, 2010, 8:47 pm

Like uno, had someone log onto a IP Logging site and ddosed the ip?

Xaniar - April 23, 2010, 9:01 pm

wth are you talking about? ddosing phone?! lmao

lmao

Actually its very possible. Every cell phone has its own IP address you know.

But I think cell phone companies would block the packets in the 1st place.

.InSaNe - April 23, 2010, 9:21 pm

ive also heard of people infecting 3g phones But it takes a Ton To DDoS with
