Thread: [\[White Hat\]\[Make Bank\] 500Gbps DDoS Protected Hosting Company \[Make Bank\]\[White Hat\]](#)

Repentant - *October 27, 2013, 1:47 pm*

I am going to create a hosting company, we will be the next BIG thing ! We will be ddos protected against any attack ! We will sell ddos protected vps's , ddos protected reverse proxies and normal shared hosting and more !

We will make so much money with this. So If you are interested please shoot me a pm !

Squip - *October 27, 2013, 1:53 pm*

What do you need the other people for?

J. McCarthy - *October 27, 2013, 4:14 pm*

Do you want a marketer investor or what.

I'm interested but not as an investor

Revamp - *October 27, 2013, 5:32 pm*

I'm interested, I just pmed you.. Check it

Casey Jones - *October 28, 2013, 12:22 am*

Voxility srl? Almost 50% of the hosting company's on hf are already using this data center.
