Thread: [\[Review\] B Gata H Kei](#)

n0ir - October 28, 2013, 4:18 am

So I wrote this on [Hummingbird](#), but I thought it might be pretty useful on here to. I don't know how many people have seen this anime, but it is a very enjoyable one.

B Gata H Kei

[Video: <http://www.youtube.com/watch?v=ILrBHqL2ePc>]

Story [6/10]

The main storyline is a bit weak. It's about a girl called Yamada and her dream to have over 100 sex friends/partners, however there's a problem; she thinks someone who is not also a virgin might laugh at her (Because apparently everyone boy in Japan has had sex at the age of 15..). It then goes into the random encounters that the couple (Yamada and Kousada) have to over come.

Animation [8/10]

The animation of B Gata H Kei is nice. Throughout the anime it's nicely done and smooth. It's all nicely done so no complaints here. The anime was drawn/animated by Haru Firumu Meekaa who made things like DearS and Heavens lost property, so they're clearly use it Echhi/Romance animes.

Sound [9/10]

The voice acting is done exceptionally. Yamada's an incredibly horny 15 year old girl and Kousada's a incompetent boy with outstandingly bad timing, all of this really shows through the voice acting. As always the Japanese voice actor's are incredible and are able to send a lot of emotion through their voices. Bravo.

Character [6/10]

Okay, so this is where the anime looses marks. The character development is almost non-existent, with it only really going into Kouada's past a couple of times, but nothing that is plot changing. And then you are just brought to find out how much Yamada wants to lose her virginity. That's pretty much it. There are some other sub-characters, with the only notable ones being; Kyoka and Takeshita.

Enjoyment [8/10]

I think the main thing that's funny about this anime is the reversed roles. The girl trying to have sex with the boy is completely different to any anime that you can find which gives it it's own unique twist to the School/Romance Genre. Which for me makes this anime an very enjoyable animation to watch. The ending was okay for some parts and annoying in others, however it was still quite nice.

Overall [7/10]

Overall, I think that B Gata H Kei is a much more enjoyable anime than how some of the other review are putting it down to be.

There's hardly any Ecchi bits in, apart from the end, and yet a lot of reviews are making it sound like it's another Highschool DxD (Which I

love)! The Comedy shown in this anime is nice and unique making it a nice watch. This anime isn't something that you'd really recommend to a first

time anime viewer, but it is definitely something that everyone should watch in the end.

Sadly, because this anime isn't well known, a second season(That would hopefully round off a couple of edges) doesn't look like it's coming, so read the manga if you want to know what happens next.

Thanks for reading,
Wulf.

(If there's any annoying editing features on this, just say, I kind of went a bit overboard.)

Nice review. It has been on my to-watch list for a while (along with a lot of others...) so I'm not sure when I will get to it. Seems like a fun show :)

Ah, this is a great anime. Not my favorite, but still a great watch. I found it interesting how she thought she was the ultimate sex beast, but when it came to reality, she had no clue what to do, cute to say the least.

Nicely detailed review.

It was extremely hard for me to finish this anime. Terrible imo.

This was one of the best animes I ever saw. An amusing storyline with an edge of your seat feel.

I was the same. I couldn't really get into it. The whole premise of it, is kinda bad.

Good review, I watched it for long time ago at streaming site. Guess I don't mind to watch it again in BD goodness :)
