Hi HackForums,

I actually wanted to wait until I had 5 sites but I was like: Aww what the hell.

30-10-2013

Site 1: <http://www.phu-eltrans.com.pl/rn.html>

Site 2: <http://www.woodseng.com/xml/index.html>

Koen, I don't know how to say this sincerely but:

NO ONE GIVES A FUCKING SHIT ABOUT YOUR GAY ASS SHITTY DEFACES OF OBSCURE BORING AND DORKED SITES

So please,
stop.

The first one is really nice actually. Really simple and clean.

Good job!

Alpha00 - October 30, 2013, 1:22 pm

Like youre defaces! :)

Goedzo K0eN.

AnnoyingFog - October 30, 2013, 1:28 pm

Really nice!! Simple looking deface pages are the bests in my case :)

Just... stop. You've passed the point of too many long ago.

amus3d 2.0 - October 30, 2013, 1:48 pm

why do you do this? no one cares, other than kids wanting to see u be a cool haxor.
dyme. come onleine. im waiting...
