Hello HF

At the moment I owe a few people and since I cashed out most of my BTC I'm looking to do ANY type of job that you like for very small amounts. My minimum is 0.01BTC per job though keep that in mind!

To see my graphical protfolio you can check out my imgur: [Holiday's Imgur Porftolio](#)

I can do:

Graphical work:

- Avatars: 0.01BTC
- Logos & Signatures - 0.02BTC
- Headers: 0.04BTC
- Thread Designs: 0.06BTC

anything else just inquire. Animation comes at an extra 0.02BTC (doesn't include thread designs)

Promotion:

- Backlinks: 0.05BTC per 20 quality backlinks
- On Page Optimization: 0.05BTC per website to analyze, you will receive a report with what to change to improve search ranks.
- Visitors/Hits: 1k for 0.02BTC

Work Related:

- Resume's: 0.05BTC
- Essays: 0.10BTC

I may begin homework services to but for now I'm behind on even my own homework lol.

Keylogger Setup: 0.01BTC per server. You'll receive logs every 30 minutes from your slave and your .exe file. This will not be crypted. I may offer crypting services in the future.

All of these are around-about prices, not fixed. For negotiations post below, For other processors such as Payza, Skrill, Perfect Money and Litecoin don't hesitate to ask I accept all of these.

May I ask how you ended up owing so much money?
