Interstellar Marines - Early Access Contest

As I bought early access for Interstellar Marines with the Spearhead Edition I got an extra key that I can give away and so I will!

For those guys who don't know what [Interstellar Marines](#) is, take a look at the link. It's a very good game with many features and it is just the 6th alpha update!

What are you going to win?

You are going to win access to the early alpha (6th Update atm.) and every future update will be free for you.

What do you have to do to get it?

Just fill out this form and I will choose a winner. Code [color=white][b]Name:[/b][/color]

Have you ever supported a game by buying Early Access even when the game is Free to Play after? Not yet, but I'll definitely start doing it when I got a job next year. Coding = working, so they deserve a reward.

Since when do you know Interstellar Marines? I saw it a few weeks back on Steam and thought it was an interesting game.

Have you ever supported a game by buying Early Access even when the game is Free to Play after? Yes I have. I played Minecraft in the early Beta days and currently I'm playing StarMade.

Why do you want Interstellar Marines? (Answers like "I have no money to buy games." don't count.) I think it'd be a nice game to add to my Steam list and since I'm a Junior in high school don't really have the time to be spending my money willy nilly. But a chance at winning a game never hurt.

Since when do you know Interstellar Marines? I saw 2-3 gameplay videos on youtube and I've played it at my friend's house.

Have you ever supported a game by buying Early Access even when the game is Free to Play after? If that game has nice graphics and gameplay why not?

Why do you want Interstellar Marines? (Answers like "I have no money to buy games." don't count.) I would like to own the game because in fact I never seen similar game like Intersteller, concept of the game is very interesting and I would love to check out the game and give some thoughts about it.
