Thread: [Paid Sticky Policy Change](#)

Omniscient - November 3, 2013, 4:36 pm

I've decided to increase the max paid stickies per section from 5 to 6. I have too many sold out sections all the time and I feel I've raised the prices enough. So to help alleviate some of the pressure and give more sellers a chance I'm increasing the maximum allowed paid stickies per section by one.

There is now an open spot in Premium, Service Offerings, RAT, Monetizing Techniques, Ebook Bazaar, Server Stress Testing, and CPA/PPD Make Money.

Please note the SST is still at a max of 8.

"Cryptography, Encryption, and Decryption" and "Hosting Services" are already sold out with max of 6.

I hope this policy change helps those who have been trying very hard to gain a sticky position in the forum.

Thank you.

Sounds good, thanks for changing this Omni!?

EidMubarak - November 3, 2013, 4:38 pm

True should help a lot of sellers out, pretty nice addition

Guessing you will probably get a pm ASAP for the stress testing one haha

Enforcement - November 3, 2013, 4:48 pm

Awful change. I think you should just increase the price instead.

If people really have a product worth being seen, they'll pay for that privilege.

There is already too many useless threads stuck in sections.

Thanks for the updates omni, you do a great job at doing your job...

D??M! - November 3, 2013, 4:51 pm

Don't think it negatively impacts anything, and only helps people.

Seems fine.

Alex™ - November 3, 2013, 4:53 pm

Thanks for doing this. Getting a sticky is kinda hit and miss. Does this mean sometimes sections will have 7 stickys?

dylanups - November 3, 2013, 4:53 pm

Seems like a good plan, half the time there is 6 up anyway XD.

m0n0p0ly - November 3, 2013, 4:54 pm

Only helps.

This is a solid change.

Thank you, Omni.

m4dh4ck3r - November 3, 2013, 4:55 pm

I've seen 6 in the premium sections sometimes I thought it had a max of six :D

Volim te - November 3, 2013, 4:56 pm

Thanks for the update Sir, Also I always thought the prices were reasonable I don't get why the Lounge stickies are cheaper then the Server Stress Testing the lounge is like the most active section on the forum lol. ?

Get a lounge sticky and cry at the traffic it produces. Not a buyer to be seen.

Guess it's good if you're advertising something free / another site.

Great to see as it will make it alot easier to get a sticky. Thanks Omni.

The Don - November 3, 2013, 5:23 pm

Nice omni, I think this is better for sticky buyers.

Six Below - November 3, 2013, 6:00 pm

Great policy update. I have long though the paid sticky section was in need of a bit of rejuvenating. Also, glad to hear your pricing is firm.

VRUMM - November 3, 2013, 6:49 pm

There is one sticky thread by vazity in cpa/ppd forum so won't that be 7 threads at once in that forum?

'Ryan - November 3, 2013, 7:25 pm

Nice change, I for sure wouldn't go any farther though.

Also, this 2nd part needs to be updated. ?

If it was long overdue, why haven't you suggested it? I hate how people dick suck Admins.

Sorry, wasn't aware we had to demand change for it to occur. Is it possible that someone did recommend it? Or are you so sure it was never recommended by a user...

Skorp - November 3, 2013, 9:45 pm

Thanks for the update, you're being too kind. :)

KyleWTF - November 3, 2013, 9:55 pm

Easier to secure my monthly crypter sticky spot I suppose. Thanks.

SIM-888979 - November 3, 2013, 11:14 pm

Darn, now I gotta wait a week before I can move my sticky. Oh well, thanks for the change, Omni!

Miki - November 4, 2013, 12:07 am

Good idea more people will be against each other so people are forced to provide good products which is a bonus.

Lounge works best for promotion of other sites or something that's appropriate for Lounge discussion but it's terrible for product or service promotion. I've had a lot of members experience that. I normally mention that if someone tries to buy a sticky there that would do better somewhere else. A good Lounge sticky might be like a chat service or a general forum you're starting.

Also since our header is a lot tighter now I feel there is more room top-fold that we can afford to have another position in a paid sticky.

~Tom~ - November 4, 2013, 1:16 am

Seems like a good change. Although it may not work out the best.

Isidar - November 4, 2013, 12:00 pm

Great change, Omni. Now it's just time to add a banner with more than one slot when you have time.

Vazity didn't pay for the thread, it was stucked because it's helpful and HQ.

The Witness - November 4, 2013, 12:12 pm

Good change omni, it's needed anyway. :)

Mace - November 4, 2013, 2:05 pm

Thanks a lot for this update, it has been very hard to get a sticky, hopefully will be easier now.

Always been struggling to run a decent ad system.

LaFerrari - November 4, 2013, 5:36 pm

Great changes. Will encourage me to purchase stickies more. ?
