Thread: [\[FREE\]\[DIRECT LINK\] Mass Skype Adds \[GET 100S OF SKYPE ADDS\]\[NO PM!\]](#)

Mr.V - November 3, 2013, 6:35 pm

Feature's Mass Skype Adder

Feature's Mass Skype Adder is great for eWhoring. The concept and use is simple and easy. You enter your eWhore's skype name into the box and it will submit it to various skype adding sites so that hundreds of perverts will be able to add you and you can work your magic from there. Using this tool utilizes your time, and lets you spend more time degrading yourself and selling someone else's body on the internet, and we all know what that means, more money!

Maybe that's because the thread got buried...>_>

It's almost 3 days later and it finally resurfaced...I didn't even know about the program. When I saw it in his stream I thought it was one of those VIP products a lot of people have around here.

But thanks to OP for giving out the program in the first place!

Any way you can set it so we can edit what is type into the chatroom/sites.

So instead of it saying live show we could customize it to say anything we want?

I would really recommend using this at all

it is so saturated that 80 percent of the time you get indians and dick people

Countcapula - November 10, 2013, 7:48 pm

I vouch for this even though it really is pretty saturated. I got 3 adds within 10 minutes of adding my skype name and 1 of the 3 adds ended up paying me \$10.
