Quality 8/10

The author tells you exactly how to implement the method.

Ease of Use 9/10

Anybody can do this.

Layout 8/10

The layout is ok.

Grammar 10/10

I did not see any grammar mistakes.

Originality 8/10

I have seen the method. However he exploits a different way that will make you a lot of money. It is VERY original in regards to HF.

Overall 8/10

This will make you a lot of money. I vouch for the product and the seller. GLWS.

There is an impressive amount of information in this e-Book, explains in-depth each step and straight to the point.

The implementation of almost every method itself is easy. The author is also provided very some links in his package which is very useful for buyers in future.

The layout of this e-Book was fair, sleek and simple. So you don't have any problem with that.

The grammar was decent and I didn't encounter any spelling mistakes so far.

This method is original enough and I haven't seen such guide before. You will get lot of money through this method and I highly recommended to purchase this guide. GLWS

Vouch for this method, I've seen it in Action. Thousands could be made from this. Joey has shown me how much money he has made from this.

Swirl - November 4, 2013, 4:59 pm

Ah fuck now Joey sells non working e-books. I would like any sort of proof this works. Edit: Messaging people who vouched in the older one. Leme check.
