I am selling the proxies I get from HMA!

When you need proxy IP's its only hard to find them when you need them the most. A lot of the time when you cant find them, they just don't work or on the blacklist.

What I offer you are packages that let you get proxies for cheap!

I provide a VERY unique proxy checker that is highly reputable. :)

For 1 IP proxy is \$0.02

If your looking for 10 proxy's that would amount to \$0.20!

One Time Packages:

10 proxies - 0.15 (normally 0.20) (4 Omc)

50 proxies - 0.80 (normally 1.00) (20 Omc)

100 proxies - 1.55 (normally 2.00) (40 Omc)

250 proxies - 4.00 (normally 5.00) (90 Omc)

500 proxies - 7.00 (normally 10.00) (100 Omc)

Full List - 10.00 (120 Omc)

Lifetime Package's

10 proxies - 3.20 (normally 5.00) (75 Omc)

50 proxies - 7.00 (normally 10.00) (100 Omc)

100 proxies - 11.90 (normally 14.00) (120 Omc)

250 proxies - 14.75 (normally 17.00) (140 Omc)

500 proxies - 18.00 (normally 24.00) (160 Omc)

Full List - 24.00 (Never Discounted) (200 Omc) <--Good Deal for OMC

It varies. When the list i recieve is fresh normally containing 700 proxy ip's, I get around 15-30 socks5's. but they can range anywhere from 10 to 30 on any given list. Whether or not they are still active.
