I feel like the grammar was on point, and I could understand it all. The user provided specific examples of how to do the method, and gave links aswell, but I must say, the method is known to RuneScapers. Saying that, I would rate the originality of the e-book 1 star out of 5. The ease of use would be a 4 out of 5 stars, because the method is auto-pilot, but it's going to take you 30-60minutes to set it up. The organization of this e-book was 5/5, because everything was written in order. Overall I would rate this e-book a 6 or 7 out of 10, because like I said, the method is known.

P.S. There is NO WAY on Earth you can make \$1000 from this in a week. Maximum you can make a day is about \$3-\$4.

More information would be better. 10,000 per week seems really legit....

Beriit - November 7, 2013, 3:56 pm

it sounds crazy but it works! belive it or not you will just have to see it to belive it!

Then show it. You only have a picture of \$36.00 on paypal. Not to mention you only have 15 posts and the OP is very poorly made. Not sales trashing but this is pitiful.

Droganan - November 7, 2013, 6:00 pm

I am interested but I have a few questions. Is Paypal the only way to get paid? Can I invest to earn more? How often can profits be withdrawn?

Sword Art Online - November 7, 2013, 6:23 pm

Lol, words cannot describe this moment, I mean, 1000 per day, yeah, cant afford proper gfx? Lets be real here.

sells for 15, why even bother? seeing as you clearly make 1000 per day.

Paypal is not the only way to get paid, the more you invest the more you will make, and you withdrawn your profits when you feel for it tbh!

Then if you don't care about how the thread looks, why are you selling it? First you false advertise,

secondly you state that you don't care about the presentation of you're product. I'm done, this dudes a joke.
