Hey guys, I was wondering what kind of music does everyone listen to, what genre/artist.

Post videos or links to songs and Ill check them out.

I love rap/hip hop and I am a rap god.

My rule is I'll listen to anything unless it's country or scream-o.

My current favorite genre is rap. I enjoy listening to little Wayne (even though he's hated by A LOT). However, I am liking Eminem's new album.
