Thread: [Black Downloader Generator v2.0 \[Downloader / P2P / USB Spread / bypass\]](#)

7H3 3XP3R7 - November 8, 2013, 8:10 am

hi Guys

Black Downloader Generator from B.H out of the HF

coded in .Net stub need .Net framework 2.0

New in version:

The form of the program was changed

bypass Zemana Anti-Keylogger

skype spread has removed...

Spreading from P2P USB

the Stub FUD from this anti viruses Avira Avast Kapser Norton Comodo

stub coded again stronger and lighter ..

Scan of the Program

[Black Downloader Gen v2.0](#)

Scan of the stub

[Stub](#)

stub can be refud , aslo can crypt with .Net Crypter ...

download [Click Here](#)

Thanks Ethical,

I might run a few tests and check out the code.

Has anybody tried this out?

Any feedback on it?

It seems like a pretty good piece of work, can anyone else verify that this is what it says it is?

Gigahash - November 17, 2013, 10:24 am

Looks clean, what p2p spreading programs does it use?

7H3 3XP3R7 - November 17, 2013, 10:37 am

thanks , i like to some one give feedback after test

Remote Administration - November 17, 2013, 11:05 am

I have a few people who would buy this if It had LAN spread.

will add that too , and no need to Buy it will be free always

?

LithuniaHackersHan - November 22, 2013, 10:54 am

Thank you i will use it very thank you for that

punk55 - November 24, 2013, 4:34 am

So am a bit of a noob, what does this really do, can you explain please,,,

Thanks.

xdferlesh - October 23, 2016, 11:12 am

thanks hope it works llllllll
