Thread: [\[SHARE\] The Crypter BluePrint Ebook](#)

austrian-1nj3ct0r - November 13, 2013, 10:08 pm

Heey HF.

I just found this Ebook called "The Crypter BluePrint"

I don't know if someone shared it before.

You can learn how to make a full free FUD crypter in VB 6.

Download here: [click](#)

?

good luck in crypting :)

Lex Luger - November 14, 2013, 9:52 pm

If you didn't know you could of searchged crypter blue print in search bar and this book sucks I have read it before it doesn't show any effective refud methods for runtime scan which matters most.

ozzac - November 15, 2013, 1:45 pm

thanks for this ebook! very nice..

35

delltreeguy - November 15, 2013, 5:10 pm

It seems pretty informative. I appreciate you posting it. Thanks, Mate'.

You with your 2 post's and new registrated would be nice if you not write some shit here... ?

To the others: No problem I found it informativ so I shared it. ?

Hey mooney what's your skype

Pm it too me interested in buying

Slyzzerin - *January 23, 2014, 7:07 pm*

Hmm to code an own Crypter will be very very hard. You have to know alot about PE Headers and stuff like this, tried it many times, but just failed and failed :(

Mou5Dead - *January 25, 2014, 10:11 am*

Thanks very much for this tutorial, this should help me and my buddies out a lot and definitely will be put to good use.

boubasse - *January 25, 2014, 10:13 am*

Ok, thanks a lot for sharing how to make a crypter

Balkani - *January 25, 2014, 1:14 pm*

Ok, thanks a lot for sharing how to make a crypter i'll use it a lot !

Smith David - *March 31, 2014, 9:43 pm*

its a nice ebook. Thanks for sharing this.
