Papabear's Website Traffic Shop

This is my first traffic shop. I created something a while ago and I'm having a lot of Real Visitors everyday with it so I think I'm going to sell this service for a cheap price so other people will benefit in this also. ?

Features :

- 100% Real human visitors
- Unique and High Quality
- High Retention Rate up to 60 seconds
- Safe Delivery
- Cheap Price
- Anonymous Traffic source
- Free Website inspection and advice

I'm going to look at your website first, before I will start delivering the traffic that you ordered so I can suggest what's good to do while having the correct traffic to be able to make this service adsense safe as possible.

Pricing :1,000 Traffic = \$1

5,000 Traffic = \$4

10,000 Traffic = \$8

15,000 Traffic = \$14

20,000 Traffic = \$18

Terms :Strictly no REFUND. This is a service base business. You pay and I'll do my job.

Paypal payments must be sent as gift.

Any chargebacks will be considered SCAM and will be reported.

This is a "Pay first before I give you service" business

Websites with malware or malicious contents will not be accepted in this service

I have the rights to suspend every clients service if I found something malicious or fraud.

PM me first before purchasing a package

\$4 is the minimum price to purchase

I have the rights to raise the package price anytime and will notify all clients about the changes

BitCoin

I'm honestly new in this kind of business so I ask that we help each other ?

you can always look at the rates on the first page ? for example you buy 1000 hits that's \$0.5 or you give me \$1, then you'll get 2000 hits.

(Nov 20, 2013 04:48 AM)Yani Wrote: [\[CITE\]](#) Will this be trough popups and are you able to drip-feed?

if you will explain me those technical terms through pm :) I can answer you.. sorry I was noob :P

papabear550 - November 20, 2013, 4:19 am

(Nov 20, 2013 05:02 AM)Yani Wrote: [\[CITE\]](#) Drip-feed means that the traffic comes over a longer period of time. For example: when a customer wants 1k hits drip-fed over 10 days, you send him 100 hits daily for 10 days. It's good for youtube videos combined with the 60 seconds retention time you offer. It's mostly more expensive too haha.

that's exactly what I'm giving :) I'm giving my visitors random time like 20/hour or 5/hour or what they want then I'll randomize the visitors to stay for 50 - 60 seconds :)

I'm online now.

pm me if you are interested :)
