My personal tag I've had for 2 years I don't really play Xbox Live anymore it has 10th on Cod4, waw, mw2, and I think mw3.

Comes w/ 3 1 month Xbox Live Codes a few notable DLC that I don't care to look up they're just a few games like Fallout, NHL, NBA etc

Looking for ca\$H I want Interac Transfer, Western Union or someother neat payment processing method that doesn't allow you to raep me after I give you the tag.

Will provide proof to serious inquirers

xoxo!~!
