Thread: [Need a Signature and Thread Layout for my eBook](#)

bigwilsy - November 19, 2013, 9:59 am

I have just finished my eBook involves making massive amounts of money with Bitcoin. I need a Signature for this eBook and I also need a Thread layout outlining the Prices etc.

I'm not very good at graphic design or I'd do it myself but if anyone is willing to help then please let me know. I've not got much to offer in return but I'll make sure that there will be some sort of compensation for your work.

Please PM me if you have some spare time on your hands and I'll send you my Skype Address.

Can anyone help with this? I'm still needing it. Compensation is available. Thanks.

PM me OR POST the details/link to the thread design. Please let me know everything I need to include in the thread design/signature.
