Thread: [SELLING OFFICIAL HF GROUP &\[b\]#34\[/b\];SKILL&\[b\]#34\[/b\];](#)

Space Impact - November 19, 2013, 5:23 pm

[img]http://i.minus.com/ibgQOxD2puohOu.gif[/img]

I am selling my Official HF user group "Skill".

Don't have any time to dedicate to the group and I feel someone could do much better then me that has more time on their hands.. =/

Omni has already spoke with me about it. PM me if you are interested for the price. *DO NOT PM ME IF YOU DON'T HAVE INTENTION OF BUYING OR DON'T HAVE ANY MONEY*

I will only accept a bank wire transfer. (I use Bank of America).

You will have to pay a 250\$ fee to Omni for transfer of the group as well.

Also please PM Omni if you allowed to lead the group before purchasing!

You'd first have to be accepted to own a group by Omni, which would never happen.

Saturday is basically on a 24/7 period and he forgot to remove the applicator which makes him PMS. Therefore you will see low quality posts from him till his period is done, which would never happen.

If you were in Skill, you would know how inactive it has been, therefore I had a feeling it would come.

Can't say I didn't see this coming. Being one of the oldest and most dedicated members of the group, I have to say its bullshit that you are doing this, and that if you took more than 5 minutes to actually look at the group(considering I never saw you post more than 3 times in the 4 months I was in the group), then you wouldn't have to god damn do this. Fucking shit man... seriously.

#Thunder - November 20, 2013, 8:30 am

spradebassen - November 20, 2013, 12:14 pm

If you're going through with the mechanical idea that's awesome. Hack Forums definitely needs an automotive group.

Pretty sure that's false. Vitani has confirmed the group's focus will not have to do with automobiles. Not saying it's 100% false since people can change their minds, but that wasn't his decision the other day.

Because I am not Vitani, I will refrain from speaking on what he's said the group will be about as well as talking about his partner but feel free to ask him yourself.

What HF really needs is an official Anime group.

yeah, i thought having your own section was over doing it. now your own group? somebody shout for black shadow and get the crucifixes.

nobody wants to see any central for anime dwellers because this naruto death note harimashta attack on titans shit is bad enough at the japanese classes in the american high schools being taken over by notebook carriers who draw all day in class and dont bother taking showers.

The group can easily be re-branded, your buying the group spot, not necessarily skill.

Ontopic: I hope that it turns out into a decent group thats unique and we can get the waste of a group off of the forums i honestly don't see them contribute anything or really anything from them.
