Thread: [5 RAT Sources \[VB.NET\]](#)

iMalware - November 21, 2013, 1:05 pm

Hello i collected all theese RAT Sources.

1. Jordan RAT

[Click](#)

2. Fkn0wned RAT

[Click](#)

3. Zombie RAT

[Click](#)

4. Ruski RAT

[Click](#)

5. Imperium Metamorper

[Click](#)

Edit:

If i don't have permission to post one of theese please tell me to remove it

velox - November 21, 2013, 1:12 pm

Yeah these are freely available already but you've just made it 10x easier for kids to retheme a rat and call it their own.

Slayer - November 21, 2013, 1:12 pm

I've seen all of them already. They are pretty old and please put name of the coders respectively.

iMalware - November 21, 2013, 1:13 pm

They are for learning purposes only. i made them for people to learn

OT:

Credits to the coders

SubGenius - November 21, 2013, 1:54 pm

??? ?

Well , that says everything.

Moon Rock - November 21, 2013, 2:22 pm

Thanks for putting work into collecting these and posting them, I'm learning from rats see what they don't have that I can make.

dannyverschuur - November 21, 2013, 5:46 pm

Thanx allot for sharing this awesome sources :)

iMalware - November 22, 2013, 4:34 am

No problem. Thanks for the thanks :P I appreciate it

Nullout - November 23, 2013, 12:14 pm

Heh.

I am currently making my own RAT.

It's a big pain in the ass though.

I'll see if I can relate mine to any of these. :P

Thanks for the share. :D

Charles Carmichael - November 23, 2013, 12:37 pm

Thanks for the list all in one place ^_o

iMalware - November 23, 2013, 12:38 pm

No problem to both of you guys. You're welcome
