Thread: [Need workers for new gaming site.](#)

I'm making a new gaming site unlike others. It will have reviewers to of course, review games. At first, I will pay little to our reviewers to boost the number if game reviews we have. Once we have enough, I'll start paying reviewers monthly to write the newest gaming reviews for all platforms.

Must be able to

1. Write 1-2 pages of professional review of a game.
2. Proper English grammar
3. Have the neccesary platform you're reviewing.
4. Must be able to purchase most popular/upcoming popular games.

You'll be paid \$2/\$3 per review until I pick our final staff. Once then, you can be making \$30-\$40 monthly for making reviews and guides of your own. I'll need one admin as well to help and that's it. No mods at all until we get bigger and within a couple years, we hope to make our own magazine which is our final goal as of now. The site will be set up within the next two months but most reviews will be done by then.

The website will be called "Sourcegamer" if anyone wants to know. We won't be just a forum as 99% of all gaming sites come up here as but a full blood pledged gaming site with top of the line reviews, guides and videos. We will be doing a couple give aways when the site is up such as a couple next-gen games etc... Stay tuned and let me know if you're interested. Thanks!
