Thread: [Control Patch | USB Spread | Anti Killer | Anti Process hacker | AntiAnti Logger ..](#)

7H3 3XP3R7 - November 29, 2013, 11:18 am

hi there

this is Control Patch Coded in vb.NET & stub need .Net 2.0 by one of my Friends i want to make it for sell , but i think if i give it for free better or if i get some BTC donation its very nice & make me Happy ?

the Main use for Bot holding & not for full Control
you can Move them after you got Bots by Right click there will you find Run from Link (direct EXE link) or Disk

Interface

Cool rat here all is working anti process hacker explorer task manager anti malwarebytes anti virustotal very nice.

7H3 3XP3R7 - November 29, 2013, 12:09 pm

Thanks yes All work very good , hope you liked it

asspecter7 - November 29, 2013, 1:07 pm

does this work with byte crypter? and does the antimalwarebytes work?

liam1uk - November 29, 2013, 5:13 pm

I will give it a test soon :), Thanks for the share man :D

misdefined - November 29, 2013, 7:08 pm

thank you so much for this release everyone appreciates it

i'm not sure work for it or no , but its coded in .Net so most crypeters work with it

yes All anti that include in the Extra work ?
