Thread: [Free Club Penguin 1 Month Code.](#)

I bough some cards for members of my family but bought too many so I have one spear, comment below if you want it.

Only cost me £5 so not bothered.

Also the idea of this give away is for someone who has a kid/knows a kid that could make use of this, not someone who will just waste it.

I'd like it! I will give it to my parent's friends who have a kid who plays it.
