Ravage Review!

Do you miss the "Premium E-book" section with official reviewers? Well, I aim to restore the unbiased reviews of the past! As a former member of the "Writers" group you are guaranteed the same high-quality style of writing that the HF news team strives to deliver every post. I will review your E-book at no charge, this will be completely confidential, no leaks of any sort will ever be had using my FREE service. Reviews done through "Ravage Review" are 100% honest and graded based on the following categories in the next section!

Review Layout and Explanation:

These four topics are used on a grading scale of 1-5, 1 being the worst possible quality and 5 being the best. Note: Review layout will be modified depending on the methods being reviewed.

1. Method Quality - This section covers how well the method is going to work for the individual consumer, and a general idea of how well known and/or difficult the method is.
2. Saturation Level - This section goes over how saturated the method is or may be, based upon how many similar attempts are being done by other individuals, and the chance of success and failure.
3. Turnover Rate - This section carefully analyzes your E-book, and estimates a time-frame in which a buyer can expect to regain their investment from your E-book.
4. "Hat" - This section tells the consumer what sort of "Hat" it is, in terms of: White-hat (Completely Legal), Grey-Hat (Possibly illegal, mostly immoral), Black-hat (Totally Illegal).
5. Conclusion - These are my over all thoughts on this book!

Terms Of Service:

1. I reserve the right to deny a review to any E-book that promotes Fraud or violates any other HF rule.
2. All E-books are deleted after the testing phase of the method, see "3".
3. Do not PM me asking for leaks of other users E-books, this will not occur regardless of the amount of money or virtual item offered, the seller of said E-book will also be notified of your attempt to leach. I DO NOT KEEP THE E-BOOKS AFTER THE REVIEW IS POSTED.
4. All reviews are subject to a 48 hour waiting period AFTER I accept the E-book. This is for proper review of the book in addition to my personal time-schedule.

5. Do not expect special favors in the form of good reviews for using this service. This is meant to help out buyers as well as sellers. Ravage Review is a neutral party review service.

6. I will not do off-site reviews for free.
